

8MM FILM PRESERVATION

8mm & Super8 films are your family's heirloom of memories. Just like Hollywood preserves its own 35mm film, we provide the same care and quality for your home movies. It's all done in our studio so you'll never have to worry about lost shipments of films.

The films are cleaned with a non-abrasive film cleaner to remove years of dust build-up then scanned, frame by frame, preserving the highest image quality possible. The result is flicker-free, color balanced film preservation.

Once digitized, the films are ready to be placed on DVD or you may choose to have music, titles, narration & editing for a family keepsake generations will cherish.

3INCH 8MM REELS.....STARTS @ \$20 / REEL
LARGER 8MM REELS.....STARTS @ 40¢ / FT

INCLUDES CLEANING, SPLICING, & DIGITAL TRANSFER TO DVD.
VOLUME DISCOUNTS START AT 1500 FEET OF FILM.
EDITING SERVICES ARE AVAILABLE AT AN ADDITIONAL CHARGE.

VIDEO TAPE ARCHIVING

Family home videos are a lasting memory. Unfortunately, the tape it's recorded on doesn't last long and loses quality over time. By digitizing and archiving your videos to DVD, you'll be assured that your precious moments will be there to watch the next time you play them.

Unlike consumer DVD recorders, we digitize your videos and then computer process them for the best quality. This produces a sharper image and better sound, compared to systems which record movies straight to disc.

1HR VIDEO TRANSFER TO DVD.....\$37.50
ADDITIONAL HOUR (UPTO 4HR PER DVD).....\$7.50 EA
DVD DUPLICATIONS.....\$10 EA
DVD DISC PRINTING.....\$5 EA

VIDEO FORMATS INCLUDE: VHS, VHS-C, 8MM VIDEO, Hi8, DIGITAL8, & MINI DV
EDITING SERVICES ARE AVAILABLE AT AN ADDITIONAL CHARGE.

PHOTO / SLIDE SCANNING

Archive family photo collections before they disappear forever! Each photo is carefully scanned in high resolution then color balanced for optimal quality. The image is saved in both JPEG & TIFF formats on CD for computer and printing purposes.

Additionally, each photo project receives a PhotoDVD, giving you the ability to share your photo collection with friends and family on any TV equipped with a DVD player.
